

RIVERSIDE LIFESTYLE ESTATES

Riverside Lifestyle Estates - Now Selling!

The wait is over! Approximately 24 months ago there was a very special buzz surrounding a proposed exciting new development coming to Brandon called Riverside Lifestyle Estates. The vision was bold. The location was fantastic. The interest level was second to none. Over the past 24 months, and after a tremendous amount of hard work and dedication by both the Riverside group and the City of Brandon, this proposal is finally turning into reality.

We're extremely excited to officially announce that Riverside Lifestyle Estates - Phase 1 is officially open for sales! If you haven't already secured your unit - don't worry, we still have several great floor plans available to choose from. Take advantage of early purchasing and making your interior selections with Shelley from Tailored Interiors. Prices start at \$267,697 plus GST, and for a limited time price incentives are applied if you secure a unit before January 15th, 2020. Contact our sales team for more information on this exciting offer and availability.

As we've mentioned in our previous newsletter updates, we have sales targets we need to meet before construction can officially start. The good news is with the already purchased units, we're very close to hitting the target we need to begin construction.

Riverside Lifestyle Estates is located at the Wheat City Golf Course in Brandon Manitoba. This development is truly one of a kind, with a living space you may never want to leave. With units ranging from 920 sq ft to over 2000 sq ft, these highly functional plans are complemented with shared amenity space such as the rooftop patio, a gym, a boardroom lounge, and underground parking. Book an appointment with our sales team to check out the floor plans and designer details. For more information visit our website at riversidelifestyleestates.ca.

Once again we would like to thank you for your patience and continued support. We look forward to continuing this journey with you.

Best regards,
